2023

"NZ TRAINING ASSESSMENTS LTD believes and promotes
Equality, Equity, Kindness and Acceptance,
As each is a critical success factor."

WELCOME

NZ TRAINING ASSESSMENTS LTD is a humble NZQA accredited training provider. NZ TRAINING ASSESSMENTS LTD has no fulltime students and has a permanent delivery address at 165 Stoddard Road, Mount Roskill, Auckland 1041

NZTA started in February 2001 in West Auckland as an inhouse trainer for Cheap Cabs Ltd, offering training and testing for Passenger Endorsement and Auckland Area Knowledge certificates required to drive a taxi in Auckland.

In 2006, NZTA relocated to Mt Roskill with Cheap Cabs to continue to train and assess potential drivers for the taxi company, and other Auckland taxi companies.

The new location attracted a lot of new people and training opportunities. NZTA required further trainers to sustain the growth of the training side.

NZTA was registered in September 2008 as a separate entity from Cheap Cabs Ltd.

NZTA's success in Training and Assessments in the past 10 years plus, and the opportunity to expand in this industry, has resulted in its motivation to become a Private Training Establishment.

NZTA receives referrals from Work and Income, ACC New Zealand, not to mention word of mouth from existing students and also from the internet.

Assessment Process

NZ TRAINING ASSESSMENTS LTD is committed to an open, systematic and consistent assessment process. Your Assessor will discuss the Unit Standard requirements with you and make sure you are comfortable and understand what you will be required to do. This will include a quick description on what the Unit Standard is, the outcomes, evidence requirements, what is expected to achieve competence and the possible outcomes you can achieve. If appropriate, Reader/Writer assistance will be available.

All assessments, once marked, go through our Internal Moderation process to ensure that the marking is fair, valid, consistent and appropriate across our courses and assessors. Any assessments that NZ TRAINING ASSESSMENTS LTD do develop in the future will go through a full pre-moderation process with the necessary Workforce Development Council and MITO.

NZQA Unit Standard Information

During your course you will complete assessments that are based on NZQA Unit Standards which are accredited nationally and illustrate areas of competence you have achieved to complete this Certificate.

Here is the process for completing your assessments for Unit Standards:

STEP 1 Agreement with tutor to complete a relevant unit standard as and when you are ready for assessment

STEP 2 Assessor goes through the Pre Assessment form so you understand:

- what will be tested and what you are expected to be able to do

- the possible outcomes ('Achieved' or 'Not Yet Achieved')
- who will be marking the assessment

STEP 3 Assessment is completed on the agreed date

WELFARE PROCEDURES

Student Welfare

The ethos of NZ TRAINING ASSESSMENTS LTD is to provide training in a caring manner.

We provide a training facility that meets all health and safety requirements and use vehicles for driving tests and practices that meet all NZTA requirements operated by fully licenced staff.

Management ensures that all regulations and teaching procedures are in the best interest of the student. We endeavour to support each student physically and emotionally.

As NZ TRAINING ASSESSMENTS LTD does not hold any course that runs more than 4 days we are not privy to students' lifestyles or basic needs. Where communication in class, or during school activities, alerts us to struggles a learner may be having, we will reach out to that learner to ensure they can access the support they need.

If it was feared a learner had nowhere to live or no food, we will individually work with that learner to identify and access the resources available in their hometown.

Your first point of call for any such issues is your Assessor. Your course Assessor will provide the advice or alternatively provide you with contact details of other staff members or external organisations within the community to assist you.

We acknowledge our limitations but will endeavour to help you as much as we can, or put you in touch with someone who can.

Inclusive learning environment.

NZ TRAINING ASSESSMENTS LTD offers an inclusive in class environment so students can learn and participate together. We offer a supportive environment for all learners, including those with learning differences and those who need the challenge of more complex learning; regardless of culture, ethnicity, background, gender, position at work, clothing style etc., all students are treated equally.

We encourage in the classroom and in self-directed work:

- Learners' alternative perspectives and ideas
- Learners' sharing their own life stories and interests.

We promote a supportive, respectful environment where we advocate for fairness.

We have high expectations of all our students and show that we believe in them.

We create a supportive peer culture both inside and outside the classroom and encourage learners to work with colleagues to discuss aspects of their learning.

In workshops the Assessor keeps track of who comments, responds, asks and contributes. That way every person is then purposefully included in questions and tasks in an equal manner. There are no silent learners and no "take over the class" learners.

We work hard to ensure learners really are engaged in their learning, so they apply real things in real situations as NZ believes.

STUDENT HEALTH & SAFETY RESPONSIBILITIES

The Health & Safety at Work Act 2015 underpins what NZ TRAINING ASSESSMENTS LTD does. We support The Act's focus on managing risk by making everyone's responsibilities clear, and recognising that everyone, including each student, has a role to play.

As a student you must:

- Wear appropriate footwear. Covered toe shoes e.g., trainers, sneakers etc.
- Take all practicable steps to ensure you keep yourself safe during the course.
- Take no action or inaction that will cause harm to any other person.

- Notify your Assessor, or another staff member, of any potential or actual hazards that are found as soon as practicable.
- Assist other students to abide by the Health and Safety Policy.
- Follow the above policy and all Health and Safety requirements specific to the place/site of your training.
- Notify your Assessor at the start (or during the course) if for any reason you are medically unfit to attend (or complete) the training course, or if you should feel uncomfortable with completing any task.

All the points outlined above will be reviewed for each and every training session.

All vehicles used are fully compliant with recent fitness certificates. All trucking equipment is checked daily to ensure they are in good working order. All driving activities meet NZTA requirements and are audited by NZTA. All vehicles are adequately insured.

COMPLAINTS PROCEDURE

Grievances/Complaints

All student complaints are taken seriously and discussed with Management. A serious complaint is dealt with immediately. Where a student has a grievance with a fellow student, a staff member or member of management, the grievances should be discussed with their Assessor in the presence of a fellow student. If the complaint is about the Assessor the complaint must be raised with management.

If unresolved, the issue should be given in writing and an appointment will be made for further discussion by all parties in the presence of a member of management to resolve the complaint or make sure appropriate action is taken. Students should be aware that NZ TRAINING ASSESSMENTS LTD encourages them to bring support people if it makes them more comfortable (e.g., Guardian, Whanau, Kaumātua, friend or representatives).

If the complainant is still not happy with the decision and/or action taken by management in response to their complaint, they can request (in writing) to appeal the decision and can also submit the written concern to a suitable authority (such as Work & Income, Tertiary Education Commission, NZQA) and both parties will abide by the outcome of this final process.
